Dear Cyril,

We are getting some of the New Orleans transcripts, Finck and Frazier for sure, probably Shaneyfelt, etc.

Do you want any? Please let me know if you do. The cost will be that of xeroxing plus a portion of the overhead, certainly under 10 cents a page.

However, as you know, court reporters get paid by the page, so they include as little as they can.

The only one I've seen is Frazier. It is 200 pages.

There has been no gentle south wind to suppy this. My requests there have not been answered. John is getting these and, because his xeroxing cost is 20¢ a page, we are borrowing his and copying outselves. We'll wait until we hear from those who want before starting, once he have the transcripts. Right now his lawyer has and needs them.

Fact is, the winds from the south blow cold on me!

Carnes says the panel got together and appointed Fisher spokesman.

Nothing else new.

Best regards,

Harold Weisberg
